Put threads in this order.... number them... The stitchguide refers to the number!

To begin: Choose your colorway and order the threads on the Blue Dogwood Designs website **or** follow directions below with blank canvas and threads from your stash.

https://bluedogwooddesigns.com/featured_item/linkin-logs/

From the list above take threads #3, #10 and #8 for March

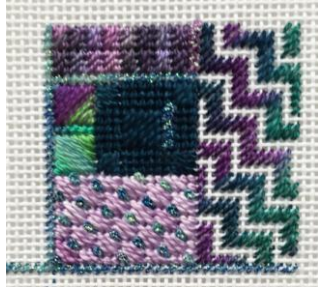

See bottom left on the bright green diagram... there is one extra green stitch on the diagram.

That column of green is 6 threads wide. February diagram in aqua color on diagram extended over 5 threads.... Add one tent stitch with March #8 thread.

Step 1: Start with thread #3 single ply, and complete the French blue section on the right side of the diagram.

Step 2: Take thread #10 single ply and stitch the dark single tent stitches on that right side.

Step 3: Thread #8 single ply. Stitch the bright green on the diagram to the left of previous stitching.

There are bars that cover 2 on the diagonal and bars that cover 3 (these are in the alternate direction).

If you look at the bars that cover 2 on the diagonal, from the top they count single, double, triple, quadruples with the 3-bar in between.
