

Tangled Rose

 an original Needlepoint project from Blue Dogwood Designs

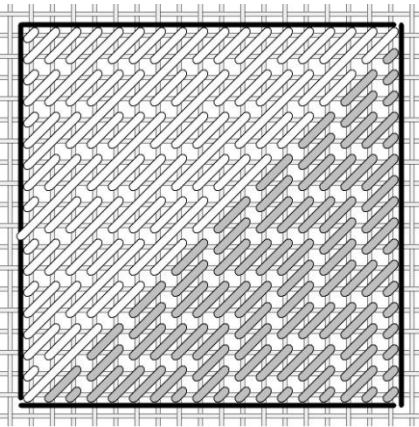

This project will unfold with directions each month to complete an 8 x 8 inch square design on 18 count canvas. Thread suggestions with alternate floss color guide and stitch guide is included. The first stitchguide is for 4 – 1 " squares in the center of your canvas. This second installment is for 6 squares numbered 5,6,7,8,9,10. Stitch #5 first and see diagram of placement against the first 4 squares.

See the January 2011 Tangled Rose #1 for all thread selections and how to prepare your canvas, first installment. February Tangled Rose #2 builds on those first 4 squares. See the diagram that shows the placement for the #2 installment.

I have heard Noreen is working this on black canvas.... Can't wait to see!
